

Full Bio Gregory Julas

Hi there, Greg Julas here. I've been playing rock music for as long as I can remember. I love the old classic rock stage performances, light shows and the energy they have. I started playing piano at an early age, but gave it up for drums, and began writing songs a soon after. Since then I've learned guitar, drums, bass, and a lot of piano. I've played in rock bands since my teen years, and continue to love rock music. I became a Christian when I was 28 years old, I love God and learned that there is alot of Christian rock and metal out there, so I was happy about that when I became a Christian, and I didn't feel out of place listening to it, and playing it. I love bands like Kutless, P.O.D., and Switchfoot, and plan to write many more rock songs. I enjoy real drums, real guitar, keyboards, piano, bass. I also enjoy electronica, and so I hope to write lots of music overall, and want to utilize cool light shows and video in my shows. I was taught songwriting for three years by Brian Doerksen, Denis Baptista, and Mark Jonah. I was taught classical singing by Tracie Skeet Brook. I love singing in German and Italian, and hope to try other languages as well, but that is not my main musical goal. I love singers like Steve Perry from Journey and Robert Plant. I have a real love for songwriting, and love to hear the finished products of years of work. I hope you will enjoy Topsy-Turvy (the Album)

as it is 3 years in the making for me. Please stay in touch. Come to this website often to stay in touch, thank you, much love :))) You can also write me at gregyj1@hotmail.com
